

UK Job-Specific Careers Advice

If you have some ideas of the areas that might interest you (maybe you're a music fanatic or you love Chemistry experiments) then the following websites will help. They offer information either about particular areas of work (e.g. law) or a broad type of work (e.g. doing something with science).

So if you have some ideas of the kinds of areas that might interest you this is a good place to find out more. Also if you have a particular job in mind search it here to find out more about the necessary qualifications and what the job is like.
