### **Music Project from year 1 to year 5 Secondary**

The subject of music is compulsory in year 1, 2 and 3 of Secondary school. Our students have two options to continue this subject:

- 1- Continue traditionally, as continuity of the contents and primary objectives.
- 2- Be part of the music project by learning a Brass or String instrument.

Once the project has been chosen, pupils must be part of it, for a minimum of 2 school years, in order to guarantee the stability and learning of the instrument and the groups.

The project consists of replacing the two periods of music that they have in Secondary, by instrumental practice classes in groups. These groups will be organized depending on the demand, in Brass, String or mixed groups. They will also have at their disposal a specialist teacher of the instrument chosen, who will give them a weekly class. These classes are designed in small groups, for greater attention to the student. They also have the option of being part of the orchestra of our School as part of the project, free of charge.

These classes of the specialist teachers are integrated in the school schedule, during free periods that the students have in Secondary school.

Music classes are taught during the whole school year calendar, however classes with specialist teachers (a weekly class) will begin by mid-September and end by mid-June of each school year.

These are the instruments students may choose within the music project (depending on the availability and offer, depending on the groups that can be created and the options of instruments chosen by the students):

- ♣ Wood brass: oboe, bassoon, flute, clarinet.
- ♣ Metal brass: trombone, tuba, euphonium, horn, trumpet.
- ♣ String: violin, viola, cello, double bass.

This activity has an annual cost of +/- 550 €. For more information, consult the "Music Project" document available on our website.

### **Orchestra in Secondary**

Due to the different levels created and depending on the evolution with the instruments, there are two orchestral groups: initial and advanced. The initial students are students of S1 and S2. Advanced students from S3.

The orchestral rehearsals take place on Wednesdays and begin mid-September for all students, except for S1, which will begin by mid-November (when they have acquired enough skills to be part of a group) and will end by mid-June for S1 and S2.

The advanced group from S3 to S5 will end the last week of June.

As for the participation in the orchestra, students who want to be part of it are also admitted, but they must have a knowledge of some of the instruments of the project (either because they have external instrumental training or because they have studied music in schools, academies or at a particular level)
