

Post ref.: 2022/EE-PAS/02

**THE EUROPEAN SCHOOL OF ALICANTE
IS LOOKING TO RECRUIT FOR SCHOOL YEAR 2022-2023**

**ICT TECHNICIAN
EDUCATIONAL TECHNOLOGIST**

**(part time 50%)
at Nursery and Primary level
Starting from 1st September 2022**

Job offer

The European School (ES) Alicante is looking for a part-time (50%) **ICT Technician - Educational Technologist** to join the team at ES, Alicante.

Starting date: 01.09.2022

Principal tasks

An educational technologist has a professional knowledge of pedagogy and ICT in order to offer, develop and implement innovative ICT solutions to increase the digital capacity according to the European Framework for the Digital Competence of Educators. The principal task of an educational technologist is to promote and support activities in the field of digital teaching and learning, finding new innovative solutions, developing, advising and supporting school staff and pupils in the use of educational digital tools and promote innovative approaches in the teaching and learning process.

The educational technologist's responsibilities involve a **professional assistance and support** to pupils and teachers in order to use the internet and educational digital tools **in a safe and responsible manner**. The educational technologist will work under the direct responsibility of the Deputy Director for Nursery and Primary and the Deputy Director for Finance and Administration, **in close cooperation with the ICT technician, ICT coordinator, teachers and the rest of the management**.

The educational technologist's tasks will be mainly:

- Management of online teaching and learning resources.
- Set up an ICT help-desk for teachers on ICT tools, resources, methodologies, etc.
- Assist pupils and teachers in the classroom in using of innovative educational digital tools in the teaching and learning process.
- Assist and support teachers during the ICT lessons and ICT related in-service trainings.
- Assist educational support teachers with new digital resources for SEN students.
- Assist and support management in using timetable software for scheduling and course planning.
- Promote and support digital innovations and digital culture in the school.
- Contribute to the planning, development and implementation of a digital teaching and learning strategy of the nursery and primary school.
- Initiation and participation in digital teaching and learning related projects.
- Introduce new digital pedagogical resources and design and produce multimedia content in education.
- Help teachers and pupils to get confident in the daily use of digital educational tools.
- Empower pupils to engage the internet and educational digital tools in a safe and responsible manner.

The list is not exhaustive.

Profile

- Professionalism and enthusiasm towards the education and ICT.
- Willing to raise digital competence of the entire educational community.
- Ability to build supportive and good relations with pupils and staff members.
- Good communication skills.
- Analytical and problem-solving skills.

Requirements

- BA degree in teaching/education.
- Specific qualification and/or experience in the field of educational technology (to be described and attested in the application)
- Competence in Spanish and English language, corresponding at least at C1 level (CEFR).

Assets

- MA degree (or in acquisition: a minimum of exams already passed) in ICT and/or Education technologies.
- Experience as a primary school teacher.
- Experience as a ICT/digital technology teacher.
- Experience in creation of digital educational resources, online safety guidelines, etc.
- Knowledge and experience in using timetable softwares
- Knowledge of other EU languages.
