Enrolment policy school year 2023/2024

Debated inside the School Advisory Council (SAC) on January 12th , 2023 and the Administrative Board (AB) on January 20th , 2023

The purpose of the European Schools is to educate together children of the staff of the European Communities. Besides the children covered by the Agreements provided for in Art. 28 and 29 of the « Convention defining the Statute of the European Schools », other children may attend the Schools within the limits set by the Board of Governors.

1. Age requirement to enroll in the European school

- Pupils shall be admitted to the Early Education school at the beginning of the school year in September of the calendar year in which the child reaches four years of age.
- Pupils shall be admitted to Primary year 1 at the beginning of the school year in September of the calendar year in which the child reaches six years of age.
- As a general rule, entry to subsequent years shall be subject to the same age requirement, increased by the number of years corresponding to the class.
- In principle, no pupil may be admitted to the School if he/she is two years (three years for the classes 4 to 6 of the Secondary) older than the normal age.

2. Cycles

Nursery cycle: N1 + N2 (4 and 5 years-old pupils) form a single year group

Primary cycle: P1 to P5

Secondary cycle: S1 to S7

3. Language sections/mother-tongues

The European School of Alicante has the following language sections:

ES	Spanish language section
EN	English language section
FR	French language section
DE	German language section

In the case where the section corresponding to a pupil's mother-tongue/dominant language does not exist, he/she will be enrolled into one of the existing language sections.

He/she will attend classes in his/her mother-tongue/dominant language organized for so-called **SWALS** (Students Without A Language Section) as Language (L1).

SWALS pupils benefit from the provision of their dominant language tuition until the end of their studies¹

This principle may be waived only when the child has been educated in a language other than his/her mother-tongue/dominant language for a minimum of two years at primary or secondary

¹ This principle is relevant to category I and II pupils. Category III pupils are entitled to tuition in their L1, if a course already exists and if it does not create a new group. Should the course have to be terminated, the category III pupils concerned would have to switch their L1 to their L2 and would have to choose a new L2. They would be allowed two years to catch up. L1 Courses in S6 and S7, are protected from termination.

level. The European Schools could consider, in that case, that the child will be capable of continuing his/her schooling in the language in question.

At present, the European School of Alicante has the following L1 for **SWALS**:

Nursery-Primary: Bulgarian, Czech, Danish, Dutch, Estonian, Finnish, Greek, Hungarian, Italian, Lithuanian, Portuguese, Polish, Slovak, Swedish, Romanian.

Secondary: Bulgarian, Czech, Danish, Dutch, Estonian, Finnish, Greek, Hungarian, Italian, Lithuanian, Portuguese, Polish, Slovak, Swedish, Slovenian.

4. Mother-tongue/dominant language

In the European Schools pupils are admitted to the language section corresponding to their mother-tongue or to their dominant language, in accordance with Article 47e) of the General Rules of the European Schools, which stipulates the following:

*e) A fundamental principle of the European Schools is the teaching of mother tongue/dominant language as first language (L1). This principle implies the pupil's enrolment in the section of his/her mother tongue/ dominant language where such a section exists. This principle may be waived only where the child has been educated in a language other than his/her mother tongue/dominant language for a minimum of two years at primary or secondary level. The European Schools will presume in that case that the child will be capable of continuing his/her schooling in the language in question. In schools where the section corresponding to a pupil's mother tongue/dominant language does not exist, he/she will generally be enrolled in one of the vehicular language sections. He/She will attend the classes in his/her mother tongue/ dominant language organised for so-called SWALS (Students Without A Language Section) as L1. **Parents will not be free to choose their child's first language (L1), its determination being the responsibility of the school's Director.** L1 must correspond to the child's mother tongue or dominant language, in the case of multilingual children, the dominant language being the one of which they have the best command. Should there be any dispute about the pupil's L1, **it will be the Director's responsibility to determine which language it is, on the basis of the information provided by the pupils' legal representatives on the enrolment form and by requiring the pupil to take comparative language tests, organised and under the control of the school's teachers. The tests will be organised whatever the pupil's age and teaching level, i.e. including the nursery cycle.** Determination of L1 at the time of the child's enrolment is definitive in principle. A change of Language 1 may only be authorised by the Director for compelling pedagogical reasons, duly established by the Class Council and on the initiative of one of its members. 2014-03-D-14-en-9 33/66 Should a new language section be created, children previously enrolled with SWALS status and who had the language of this new section as their Language 1 will automatically be admitted to the newly created language section without the need for them to be required to take comparative language tests. In that case, a change of L1 may only be authorised by the Director for compelling pedagogical reasons, duly established by the Class Council and on the initiative of one of its members."*

5. Definition: categories of pupils

Pupils of the European Schools (ES) are divided into 3 categories, defined as follows:

Pupils whose parents belong to a European Institution or similar organisation, in accordance with Chapter XII of the Digest of Decisions of the Board of Governors <https://www.eursec.eu/en/Office/official-texts/decisions> and who are employed directly and continuously for a minimum period of one year.

These pupils are exempt from school fees.

The School accepts the applications of Category I pupils at any time during the academic year.

- **Category II**

Pupils covered by individual agreements between the School and an Enterprise, each entailing specific rights and obligations for the pupils concerned, particularly as regards school fees.

The School accepts regularly the applications of Category II pupils at any time during the academic year. New admissions will be subject to the availability in the class requested.

- **Category III**

Pupils who do not belong to categories I and II.

These pupils would be admitted to the European Schools **in so far as places are available**, in accordance with an order of priority listed <https://www.eursec.eu/en/European-Schools/enrolments/admission>. Priority will be given to siblings of pupils already enrolled in the school.

The Director can determine the number of places available for this category only after becoming aware of the number of applications from pupils of categories I and II.

8. Additional information regarding category III new enrolments

The Director can determine the number of places available for this category only after becoming aware of the number of applications from pupils of categories I and II.

When deciding on the number of category III pupils who may be admitted, the Director must see to it that enough places are kept free in each class to allow a reasonable number of the children coming into Categories I and II to be admitted during the year, without leading to a class being divided.

Category III pupils may not be admitted to a class which already counts 24 pupils.

The Director shall decide on a case by case basis taking into account the specific needs of the school.

Category III pupils for whom admission is requested in a class higher than 1st Year Primary must satisfy also the condition that they have successfully completed the class before the one they are applying for. ²

Except in exceptional circumstances, no enrolment of category III pupils in the English and Spanish speaking sections is possible during the school year.

When a pupil is first enrolled in a European School, the legal representatives shall undertake to pay the sums owed within the time period set by the school.
